Subject No. 151.
Restoration of resumed Inams to Temples.

Summary of discussion.—The resumption of Inams in the enjoyment of certain temples for want of sufficient title has led to the discontinuance of worship in them. It is requested that as much land as is necessary for the performance of the puja may be restored to the temples concerned.

Reply of Government.—Individual cases will be considered on their merits.

Subject No. 152.
Loan to Hassan Municipality.

Summary of discussion.—The Sanitary Engineer has prepared an estimate for Rs. 40,000 for supplying the town of Hassan with water. The Municipality being unable to provide this amount all at once, it is requested that the Government may be pleased to grant a loan. The amount will be repaid in twenty years at Rs. 2,000 per annum.

Reply of Government.—This will be duly considered by the Government on application from the Municipal Board.

Subject No. 153.
Classification of assessed waste lands.

Summary of discussion.—It is requested that all waste lands assessed at dry rates may be examined and classified according as they may be fit for coffee or dry cultivation and included in Lists A or B as the case may be.

Reply of Government.—The Deputy Commissioner and the Survey Superintendent will be asked to report about it.

Subject No. 154.
Proposed classification of gomal.

Summary of discussion.—When lands out of gomal are applied for for dry, wet or coffee cultivation, frivolous objections are raised by villagers. It is requested that as much land as is actually needed may be alloted for gomal purposes and the rest classified as dry, wet or coffee land, as the case may be, so that such land may be readily available for cultivation.

Reply of Government.—Noted.
